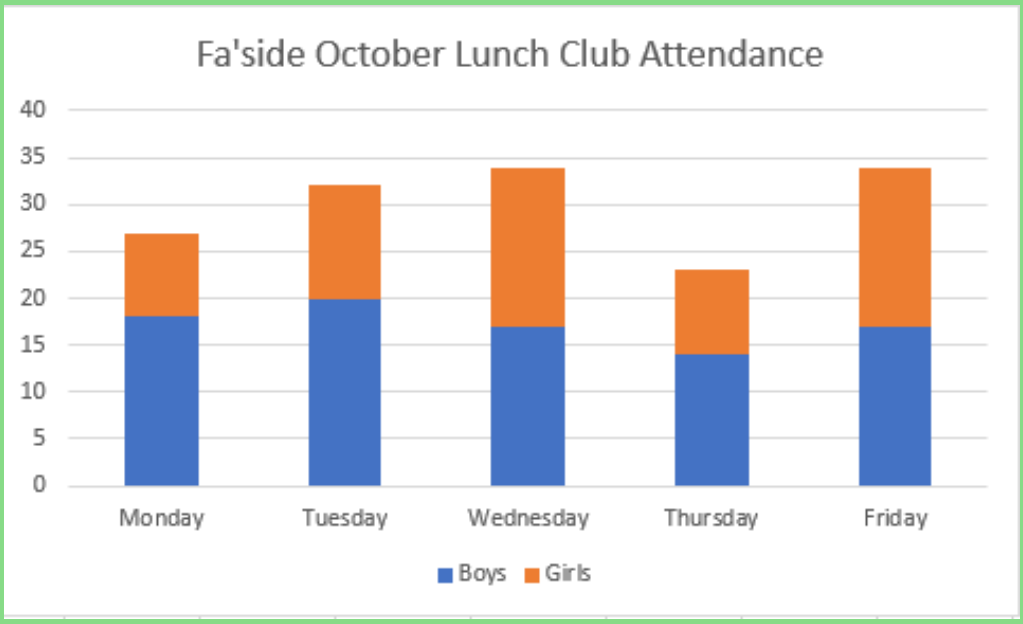
ABOUT OUR CLUB

Fa'side lunch club was kept busy with around 30 children per day and 6 core staff members. Each day the children enjoyed breakfast such as cereal, toast, yogurts and squeezing their own orange juice. They took part in a range of different activities each day like judo, army dodgeball, cooking and arts & crafts. We refuelled with a nutritious lunch packed full of vegetables such as chicken fajitas, tomato soup & our favourite baked potatoes! The children were able to enjoy a trip day to Ryze Trampoline park thanks to Cash4kids funding. The kids really enjoyed bouncing on the trampolines and getting to enjoy their lunch outside of the club.



COMMUNITY SPIRIT

In addition to the lunch club, we put together a clothes swap, pantry & toiletries for our families. Our supplies were running low however, with the power of social media, we received generous donations from the local community. Fa'side Lunch club is extremely grateful for this and especially to Councillor Colin McGinn for his help and for the collections.

VOLUNTEERING OPPORTUNITIES

At Fa'side lunch club we aim to provide opportunities for parents as well as children. During the October lunch club a parent was able to volunteer at the club,helping to prepare the nutritious meals for the children. Fa'side lunch club will continue to work with this volunteer in their personal development with possibilities of paid employment.

We are proud of our lunchclub and have the best time every holiday. However, our project would not be possible without the amazing support of our funders, kind donations and supportive partnerships.
For their continued support at Fa'side Lunchclub, we would like to thank:
